## AEB overview

ESFA for 2020/21: “ESFA funded AEB aims to engage adults and provide the skills and learning they need to progress into, or within, work or equip them for an apprenticeship or other learning. It enables more flexible tailored programmes of learning to be made available, which may or may not require a qualification, to help eligible learners engage in learning, build confidence, and/or enhance their wellbeing.” This includes 19 to 24 year-old traineeships

- > ESFA allocate around £1.3bn every year to providers
- > Devolved authority areas allocate around £600m every year
- > Grant funded providers (typically colleges and LAs) do not tender
- > Contract funded providers (typically ITPs) tender - sometimes referred to as ‘procured AEB’

<https://www.gov.uk/government/publications/adult-education-budget-aeb-funding-rates-and-formula-2020-to-2021>

## AEB purpose

In past DfE said AEB provision fits broadly four categories:

### 1. Legal entitlements

- > English and maths GCSE and functional skills up to Level 2 (including as part of a traineeship), for those aged 19 and over who have not achieved a GCSE grade 4-9
- > Provision to support progression up to a first full Level 2, or a first full Level 2, for those aged 19 to 23
- > First full Level 3 for those aged 19 to 23

### 2. Skills provision for unemployed

### 3. Traineeships

### 4. Community learning for learners furthest from learning or employment

Could you label all your AEB provision this way?

## Who decides the AEB course priorities?

2019/20 rules

3. Providers must respond to the priorities set by local commissioners and other stakeholders, for example, local enterprise partnerships and their [Skills Advisory Panels](#).

2020/21 rules

3. Providers must have due regard to the skills analysis and priorities of Local Enterprise Partnership(s) and their Skills Advisory Panels.

## Changes for 2020/21

ESFA: “We know that providers are working through exceptional circumstances due to Coronavirus (COVID19). We may publish further updates to this guide about the impact of COVID-19 on our funding rules as these become clear. We will tell you about any changes in our ESFA update.”

### Summary of main changes since funding rules 2019 to 2020

431. We have highlighted the main changes made in this document compared to the final version we published for 2019 to 2020 in the table below.

### Paragraph 2 – Revision to Text (March 2020)

In 2020 to 2021, the GLA's AEB programme will only pay an amount different to the ESFA's national programme under the following circumstances:

- we will fully fund some British Sign Language learning aims, which the ESFA may in some circumstances co-fund;
- we will fully fund some in work learners that the ESFA would co-fund;
- we will increase funding for English and maths legal entitlement qualifications at Levels 1 and 2
- we will fully fund teaching and learning support staff to deliver improved specialist provision for learners with SEND within the adult/further education sector; and
- we will fully fund some Level 3 qualifications in addition to the statutory entitlement through the London Recovery Flexibility.

These circumstances are laid out in more detail in the GLA's Adult Education Budget Funding and Performance Management Rules documents ('The Rules').

### GLA

£20,962  
up from

in 2019/20

#### Learners in receipt of low wage

161. You may fully fund learners who are employed, or self-employed, and would normally be co-funded for provision, up to and including level 2. You must be satisfied the learner is both:

- 161.1. eligible for co-funding, and
- 161.2. earns less than £17,004.00 annual gross salary

162. You must have seen evidence of the learner's gross annual wages in these circumstances. This could be a wage slip or a Universal Credit statement within 3 months of the learner's learning start date, or a current employment contract which states gross monthly/annual wages. Please note this is not an exhaustive list, but you must evidence your decision to award full funding to an individual who would normally be eligible for co-funding.

163. You must use LDM code 363 and FFI code 1 to claim full funding for learners who meet the requirements set out in paragraph 161 and 162.

#### Paragraph 153.2 – Revision to Text (March 2020)

##### Original Text (August 2019)

earns less than the London Living Wage as an annual gross salary on the date of the learner's learning start date. Learners will be deemed to earn less than the London Living Wage as an annual gross salary if they earn less than the hourly London Living Wage at that point in time, multiplied by 37.5 (hours per week), multiplied by 52 (weeks per year). Based on the 2018/19 London Living Wage, this would be £20,572, but AEB Procured providers will need to check the updated rates each year.

##### Revised Text (March 2020)

Amended using the updated London Living Wage: "earns less than the London Living Wage as an annual gross salary on the date of the learner's learning start date. Learners will be deemed to earn less than the London Living Wage as an annual gross salary if they earn less than the hourly London Living Wage at that point in time, multiplied by 37.5 (hours per week), multiplied by 52 (weeks per year). Based on the **2019/20** London Living Wage, this would be **£20,962**, but AEB Procured providers will need to check the updated rates each year."

## Exceptions to devolution

Ministers have agreed that for a period of two years (2019 to 2020 and 2020 to 2021) providers that meet the following criteria will be funded nationally:

- qualify for a financial residential uplift for their learning provision, and
- receive more than two thirds of their income from AEB funding, and
- predominantly target the most disadvantaged learners

In the 2020 to 2021 funding year this excludes the 19-24 traineeship programme, funding to support learners resident in North of Tyne who are continuing their learning from 2019 to 2020 and learners who attend a provider that will be funded nationally because they meet the criteria above.

As a result of the above changes, the content and requirements set out in this document **only** apply to:

- individual's resident in areas of England outside of the devolved authority areas undertaking ESFA funded AEB provision
- continuing AEB funded learners resident in North of Tyne devolved authority area, who have not completed their learning by 31 July 2020
- learners resident in England attending providers who meet the specified criteria above and will be funded nationally in 2019 to 2020 and 2020 to 2021
- learners resident in England, including those resident in a devolved authority area, undertaking a 19 to 24 traineeship programme

## Legal entitlements = fully funded

ESFA funded AEB supports 3 legal entitlements to full funding for eligible adult learners. These are set out in the [Apprenticeships, Skills and Children's Learning Act 2009](#), and enable eligible learners to be fully funded for the following qualifications:

- English and maths, up to and including level 2, for individuals aged 19 and over, who have not previously attained a GCSE grade 4 (C), or higher, and/or
- first full qualification at level 2 for individuals aged 19 to 23, and/or
- first full qualification at level 3 for individuals aged 19 to 23

“If an individual meets the legal entitlement eligibility criteria, you must not charge them any course fees.”

## Local flexibility

ESFA funded AEB also supports delivery of flexible tailored provision for adults, including qualifications and components of these **and/or** non-regulated learning, up to level 2 – we call this 'local flexibility'.

Local flexibility provision either is fully or co-funded, depending on the learner's age, prior attainment and circumstances. Please refer to the '[level of government contribution](#)' table on page 36 and paragraphs 157 to 199 for learner eligibility. Where appropriate for the learner, you can deliver local flexibility provision alongside a legal entitlement qualification.

**“Learners aged 19 to 23 progressing towards their first full level 2, must undertake learning at entry and/or level 1 only from local flexibility”**

## Learner contributions

Learners aged 19 to 23 who progress to their first full level 2, must only enrol on a qualification from the legal entitlement list

Learners aged 19 to 23 and aged 24 and over, who have already achieved at level 2, or above can undertake learning up to and including level 2 qualifications from the local flexibility offer or qualifications in the level 2 legal entitlement list

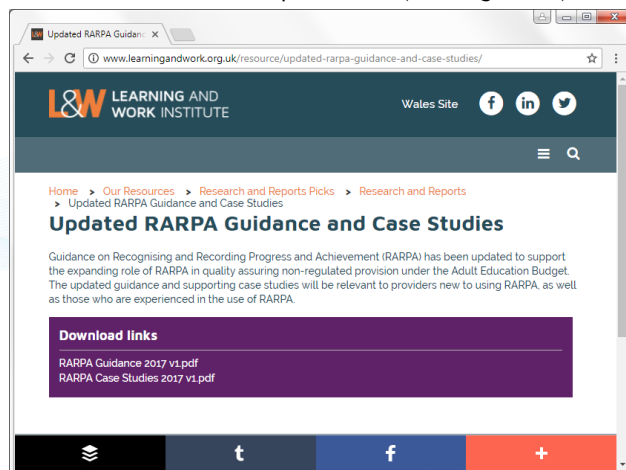

Learners aged 24 and over who have not achieved a level 2 qualification can undertake learning up to and including level 2 qualifications from the local flexibility offer or qualifications in the level 2 legal entitlement list

PW = Set for each aim based on the Sector Subject Area assigned to the aim. They are A (1), B (1.12), C (1.3), D (1.6) and E (1.72)

DU = Based on learner's home postcode. If in one of the 27% most deprived areas (based on IMD 2015 in 20/21) then the DU is between 1.084 and 1.336

ACU = Based on delivery location, this is a South East weighting which rises the closer the delivery to central London (1.2 max)

## AEB co-funded formula

Funding is reduced by half the unweighted base rate

$$\left[ \text{BR} \times \text{PW} \times \text{DU} \times \text{ACU} \right] - \left[ \text{BR} \times 0.5 \right] = \text{Stack of coins}$$

The co-funded amount deducted from funding is half the value listed for that learning aim on LARS

So if you choose to set fees on this level, it is the same for that base rate for all learners across England

## Qualifying period for funding

An learning aim will only be counted if it is funded, and will only be funded if it is eligible AND passes the qualifying period

The length of the learning aim is defined by the calendar days (including weeks) between the start date and the end date in the ILR

Length of learning aim	Qualifying period
168 days (24 weeks)	42 days (6 weeks)
14 to 167 days (2 - 24 weeks)	14 days (2 weeks)
Fewer than 14 days (under 2 weeks)	1 day (1 attendance)

If a learning aim has an actual end date before the qualifying period and is an early completer then the aim is counted and all of the funding is earned

If a learning aim has an actual end date before the qualifying period and is not completed then the aim is not counted and no funding is earned

## Monthly funding instalments

Funding for each learning aim is paid in monthly instalments according to the start and end dates in the ILR, based on a standard formula

On programme payments are 80% of the weighted co- or full-funding and paid monthly (with double in month one). This is paid for the months before their actual end date.

Achievement payment for remaining 20% paid in the month of the actual end date where the aim is fully achieved

For example, a 9 month learning aim with weighted funding of £1000 would be paid across 10 instalments as follows:

## Job outcome payment (1 of 2)

236. For fully funded learners who are unemployed (including traineeships), we will pay 50% of the achievement payment if they start a job before achieving the learning aim. If the learner then achieves the learning aim, we will pay the remaining achievement payment. The following conditions apply:

- 236.1. the learner must provide you with evidence through a declaration, that they have a job for at least 16 hours or more a week for four consecutive weeks
- 236.2. where the learner was claiming benefits relating to unemployment, they must also declare that they have stopped claiming these

<https://www.gov.uk/guidance/adult-education-budget-aeb-funding-rules-2020-to-2021>

Learning delivery employment outcome code 1 or 2 in the ILR to claim the payment, and enrolment would be excluded from achievement rates

## Job outcome payment (2 of 2)

Example: £1000 weighted rate pays £900 across 10 instalments where learner completes, doesn't achieve but is eligible for a job outcome payment

Example: £1000 weighted rate pays £580 across 10 instalments where learner withdraws in month six, but is eligible for a job outcome payment

### English for speakers of other languages (ESOL)

201. We will fully fund individuals aged 19 and over on the day they start their ESOL learning aim where they are unemployed, as set out in paragraphs 159 and 160.
202. We will co-fund all other individuals aged 19 and over on the day they start their ESOL learning aim. Where learners are employed, the low wage flexibility may apply, please refer to paragraphs 161 to 162.
203. We will fund ESOL learning up to and including level 2.
204. Providers offering ESOL qualifications may need to deliver additional learning to individual learners that incurs additional cost above the qualification rate. You can access information on how to do this in the [adult education budget: funding rates and formula 2019 to 2020](#) guidance.

“If you offer English for Speakers of Other Languages (ESOL) qualifications, you may need to deliver additional learning to individual learners that incurs additional costs above the qualification rate. Where additional hours are required, you can record these on the ILR using the ‘Additional delivery hours’ field, as detailed in the ILR specification and the Provider Support Manual.”

## Funding additional hours for ESOL

### 4.7.12 Additional delivery hours

299. This field records the additional hours delivered for Adult skills funded and ESF funded ESOL units or qualifications where a learner needs additional learning to that funded through the applicable matrix rate.
300. The Additional delivery hours field may be used for approved ESOL units or qualifications and must not be used for non-regulated ESOL or any other ESOL qualifications.
301. For ESOL learning aims which start before 1 August 2015, the Additional delivery hours must not be returned.

ILR specification: 2020 to 2021

### Additional Delivery Hours: field

#### Definition

The number of additional guided learning hours required for the learning aim.

#### Reason required

To enable funding to be calculated.

<https://guidance.submitlearnerdatabase.fasst.org.uk/ilr/field/addhours>

## Special top-up funding for ESOL

If you deliver more hours for an ESOL qualification than the top of a SAMs hour band you can be funded for the extra

E.g. You deliver 60 hours, on a qualification in band 21 to 44 hours (£150). So you can top up 16 hours.

In the ILR you record 16 hours in the 'Additional delivery hours' field

16 hours is in band 13 to 20 hours (£100), so the funding software makes the base rate £250 for your 60 hour course (£150 learning aim + £100 top-up)

## Key planning factors to remember

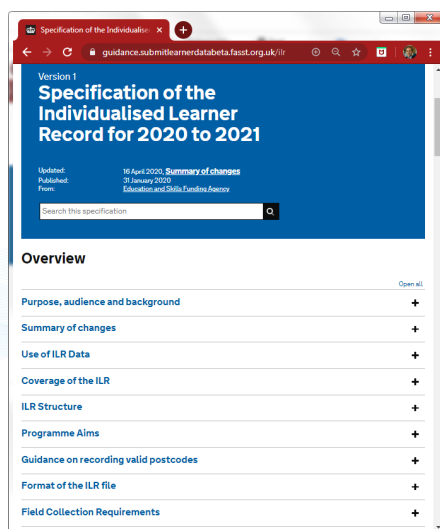

- > It is a per enrolment funding system (so larger classes usually mean more efficiency)
- > In-year funding methodology (such as disadvantage uplift) makes for fair income and expenditure models, but use averages when planning
- > Not every enrolment will be funded as a start and not every start will complete or achieve
- > Curriculum plans need monitoring and adjustment within academic and ESFA financial year constraints

## Funding Rules Monitoring report guidance

No.	Area (all policy areas)	Policy rules and guidance
FRM04	Changes to the 'Actual end date' between years	<p><b>Guidance from the provider support manual states:</b> If an aim that was recorded as complete in the previous year's R14 ILR file and continues to be returned in the current year, then the 'Learning actual end date' must not be changed.</p> <p>If a learner undertakes a learning aim, finishes learning, takes the final assessment and fails, then you should close this aim and record it as 'not achieved' (Outcome code 3). Where you later identify this learner as needing further support or additional learning to pass the assessment, then a new learning aim should be recorded as a restart with a 'Funding adjustment for prior learning' to account for the new learning required to pass the resit. You must not amend the original, closed learning aim.</p> <p>For learners who were incorrectly reported as completed at R14, and are continuing their studies in the current year, please contact the service desk.</p>
FRM05	Changes in the 'Learning planned end date' between funding years	<p><b>Guidance from the provider support manual states:</b> This data should only be changed when it is identified as incorrect due to administrative errors. The Learning planned end date must not be changed to take into account a revised planned end date due to a change in circumstances such as illness, slow progress or unemployment.</p> <p>If the planned end date is after 1 August of the current funding year, record the learning as a transfer (withdrawal reason = 40) with a learning actual end date of 1 August. Record a new learning aim with a learning start date of 2 August of the current year and the correct Learning planned end date. This new aim must be flagged as a restart with a funding adjustment for prior learning.</p> <p>If the planned end date is identified as being incorrect, and the correct date is prior to 1st August of the current year, this data error cannot be corrected.</p>

### Adult education budget (AEB)

#### Funding issues

##### Prior attainment

One of the main issues causing funding errors in this area, as with apprenticeship programmes, relates to providers claiming funding without taking into account the learners' attainment and study of prior qualifications.

This may mean that the learner was exempt from part of their programme or should have had the funding reduced through the proportion of funding field on the ILR. Situations arose where learners had achieved units and progressed onto other qualifications, transferred, or returned from a break and the proportion of funding had not been reduced accordingly.

Learners studying programmes other than apprenticeships must be enrolled on a level of learning in English and/or Maths (and ESOL qualifications) that is beyond their assessed level. We found numerous examples where learners were studying at the same level at which they had been assessed. This resulted in funding being claimed incorrectly.

##### Learner status

Similar to the apprenticeships programme, funding errors occur when funding is claimed for learners' continued participation on the AEB programme, but this cannot be confirmed from the evidence of learning activity, usually for periods of learning, or occasionally from a learner's start date. This is a recurring issue found year-on-year and accounts for a significant proportion of funding error.

##### Full and co-funding

There were also instances where funding was claimed incorrectly for learners who were not entitled to full funding. Providers should only claim co-funding for these learners.

##### Workplace learning

Workplace learning is not eligible for funding unless these specific criteria are met:

- ESFA has confirmed a national level concession that responds to a significant negative economic impact for a specific industry
- It is statutory entitlement learning stated in paragraph 167 of the [AEB funding rules](#)

Where evidence to confirm the eligibility under the funding rules for workplace learning cannot be confirmed, such funding will be recovered.
