## What delegates said about previous Lsect conferences

"An extremely productive day. Useful, thought provoking - with excellent clarification of detailed changes to come. OFSTED visited our provision last October and graded it as outstanding. From a position of relative satisfaction, it's clear that the challenges have just begun."

*Peter Carter, PCET & ESOL 19+ Curriculum Area Manager, Redbridge College*

"Helps make sense of strategy and funding allowing you to go back and focus on what you need to without wading through vast amounts of information yourself"

*Alan Hill, Hill Mcmanus Ltd, Director*

"Very useful, more staff from my organisation should attend!"

*Andrew Cruickshank, Workforce and Commercial Development Director, John Ruskin College*

"Really happy with the day. Very valuable for new and experienced staff - even little 'gems' of knowledge for the most experienced staff. Would recommend Nick's conferences to all"

*Mark Session, Performance Manager, Brooksby Melton College*
